Matter Of Time

The Low Anthem

See me laying in the grass
Where my true love's bound to pass
And I don't have to try
It's a matter of time
A matter of time
A matter of time

We will roll beneath the sky
In the clover and dandelion
And I don't have to try
I know she'll be by
I know she'll be by
It's a matter of time

See me decorate my nest
See me puffing out my chest
I hate to be so vain
It's just part of the game
Just part of the game
A matter of time

Hear me howling at the moon
In her wake of sweet perfume
I don't have to fear
She'll pull me through the mirror
Pull me through the mirror
In a matter of time

In the grass I lay alone
See the sunset down below
I don't make a sound
It's always circling round
Always circling round
It's a matter of time
