

The Joker (feat. Terje Tylden)

Damien

I am the heart, I am the end
And I am the start, I am the spark
I am the blood in your mouth
The taste of your doubt
Now question what made all the scars
I am the blade, I am the anger
I am the rage, I am the pain
I am the custom reminder of what really
happens when panic will pump all of your veins
Conform was mine, this is my time
Planets and moons, are finally in line
I am the prime, and I am the brain
And I am the spine, look for my sign
I am the day, I am the night
I touch for my hammer, turn water to wine
Bitches be ready cause this is the joker
was rolling and brawling and ready to fight!

I am the soul, I am the kingdom
I am the pope, I am the hope
I am the shimmering bringer of chaos and
I'm out of control, now which are they fold
I am the anger, I am the builder
I am the breaker, I am the taker
I am the redeemer make you believe
I am the alfa, I am the maker
Conform was mine, this is my time
Planets and moons, are finally in line
I am the prime, and I am the brain
And I am the spine, look for my sign
I am the day and I am the night
I touch for my hammer, turn water to wine
Bitches be ready cause this is the joker
was rolling and brawling and ready to fight!

Do you wanna know the secret
Is do or die
Stand up and live on, move your lives
Life is like a ride on a roller coaster

But I'm gonna trip
I'm mysterious
I'm the Joker!
Do you wanna know the secret
Is do or die
Stand up and live on, move your lives
Life is like a ride on a roller coaster
But I'm gonna trip
I'm mysterious
I'm the Joker!

I am the light, I am the black and I am the white
I am the Christ, I am the pinnacle
I am the miracle, biblical pivot
I am the right
I am the earth, I am the death and I am the birth
I am a curse, I am a blessing
and I am the essence of pressure of thorn
and yes I am the worse
Conform was mine, this is my time
Planets and moons, are finally in line
I am the prime, and I am the brain
And I am the spine, look for my sign
I am the day and I am the night
I touch for my hammer, turn water to wine
Bitches be ready cause,
this is the joker was rolling and brawling and ready to fight!

Do you wanna know the secret
Is do or die
Stand up and live on, move your lives
Life is like a ride on a roller coaster
But I'm gonna trip
I'm mysterious
I'm the Joker!
Do you wanna know the secret
Is do or die
Stand up and live on, move your lives
Life is like a ride on a roller coaster
But I'm gonna trip
I'm mysterious
I'm the Joker!
I'm the Joker!

I'm the Joker
