Wishing Well

Jessica Andrews

YeahHere goes another day another hug and a kiss and we're on our way
A cup of coffee for the road and baby I can't wait to get back home
We juggle all our hopes and dreams with a million responsibilities
And now and then we drop the ball we lean sometimes but we never fallLook at me, look at you, look at all that we've been through
With a lot of love and a little luck
So far it's been so good cross your fingers, knock on wood and pray
And if it helps go throw a dollar in the wishing wellIt ain't always laughs and smiles but the carousel just ain't our style
Roller coaster suits us fine, boy the ups and downs liven up the rideLook at me, look at you, look at all that we've been through
With a lot of love and a little luck
So far it's been so good cross your fingers, knock on wood and pray
And if it helps go throw a dollar in the wishing wellLet a hundred pennies fall
Splash and send up all our dreams to heavenLook at me, look at you, look at all that we've been through
With a lot of love and a little luck
So far it's been so good cross your fingers, knock on wood and pray
And if it helps go throw a dollar in the wishingGo and throw another dollar in the wishing
Throw another dollar in the wishing well
In the wishing well, in the wishing well, in the wishing well
