Stab Yor Back

The Damned

stab yor back(8 times)
well,you used to hang around on the rails,yeah
you know they was your patch
but there's a brand new kid in town
never gonna till you gonna live it down,he's gonna
stab yor back(8 times)
i'm gonna stab yor back
you aint nothin'[but a dead hack
now that you're 25
never gonna live till you're 29,i'm gonna
stab yor back (8 times)
