

# This Oneâ€™s Different

## Howler

I don't care what you said back then,  
I just care what you say right now'  
When the feelings there its there,  
When the feelings gone its gone.  
But for now I dream of you,  
For now I write this song,  
Put the pen onto the page,  
Let the ink scream alongI want you right now  
I need you right now  
I want you right now  
I need you right now.I hate the way I talk,  
And I hate the way I write.  
Sometimes its better to stay in bed,  
Sometimes its better to stay out all night.  
I said I could live without your touch,  
If I could die within your reach.  
I see that tan line way to much,  
Like its something I have to breachI want you right now  
I need you right now  
I want you right now  
I need you right now
