

Daylight In Your Eyes

No Angels

Wanna know you better
wanna push you baby but never too far
wanna show you heaven
wanna be like you just as strong as you are I wanna be daylight in your eyes
I wanna be sunlight only warmer
I wanna be daylight in your eyes
I wanna be loved only stronger
I wanna be daylight Wanna live forever
wanna touch your hand and explode like a star
wanna stand beside you
always be together wherever you are I wanna be daylight in your eyes
I wanna be sunlight only warmer
I wanna be daylight in your eyes
I wanna be loved only stronger
I wanna be daylight in your eyes
I wanna be sunlight only warmer
I wanna be daylight Wanna know you better
wanna push you baby but never too far
wanna live forever
wanna be like you just as weak as you are
weak as you are I wanna be daylight in your eyes
I wanna be sunlight only warmer
I wanna be daylight in your eyes
I wanna be loved only stronger
I wanna be daylight in your eyes
I wanna be sunlight only warmer
I wanna be daylight (Daylight) I see it in your eyes
(daylight) I wanna be
just you and me
for all eternity.....
(daylight in your eyes, in your eyes, in your eyes) I wanna be daylight in your eyes
I wanna be sunlight only warmer
I wanna be daylight in your eyes
I wanna be loved only stronger
I wanna be daylight in your eyes
I wanna be sunlight only warmer
I wanna be daylight Daylight
I see it in your eyes
