All Night

Pooh Hefner

"My future looks brighter in your eyes, your eyes,
So if I ever realize,
Don't play with fire, you're mine
And we go all night long, all night long."

"Let me tell you something girl,
You a half a real one,
100k in the bank, 9 away from a million
She be lovin' the feelin' when i'm in her presence,
Had to preach to the bixxh PH the reverand, Bixxh need excedrin when she leave me,
Cause I drive a bixxh crazy, she don't drive me,
Move at my speed, she move at my pace,
Cause we headed to the top, she do what I say,
Our future look better if she on my team,
I don't do that half axx I need all my cheeze, That's all I read, I be all she need,
New chaps from the bixxh that be all I see."

"My future looks brighter in your eyes, your eyes,
So if I ever realize,
Don't play with fire, you're mine
And we go all night long, all night long."

"Bixxh don't play with fire cause you will get burned,
I can give you all the game but are you willin' to learn,
She be really concerned when i'm out late,
But i'm out chasin' money so that we straight,
I'ma be safe, I do this all all night long,
Leave home at noon an return in the morn,
All black for the phone it's matching the plastic,
But to be a good hoe it's gon' take some practice,
From the gates it's matching with a little vaness,
She can tell that i'm a P from the way that I dress,
So if she's thinking of me,
Then you know what,
I'm from the rich I charge a bixxh we don't do too much"

"My future looks brighter in your eyes, your eyes,
So if I ever realize,
Don't play with fire, you're mine
And we go all night long, all night long."
