(Repeat 2X)

[Greg Nice]Greg Nice!!! Greg N I C E

Droppin dem basso ah oui oui

Rock for a fee not for free

Maybe I'll do it for charity

Now my employer or my employee

Is makin Greg N-I-C-E very M-A-D

Don't ever ever think of jerkin me

I work to hard for my royalty

Put lead in ya ass and drink a cup of tea

Peace to Red Alert and Kid Capri

Ooohh la la ah oui oui, I say Muhammad Ali, ya say Cassius Clay

I say butter you say Parkay

It's alright if ya wanna make a sway

I'm a way up town, took duece to the tre

I originate, they duplicate

I praise the lord and keep the faith

It's alright keep bitin at da bait

'92, uh!!, one year later

Peace out Premier take me out wit da fader

[Premier scratches and hooks][Guru]I chant eenie meenie, minie moe

I wreck da mic like a pimp pimps hoes

Here's how it goes I am a genius I mean this

I shake this you'll take this

I'm kinda fiendish

You wish that you could come into my neighborhood

Meaning my mental state

Still I'm 5 foot 8

Crazy as I wanna be

Cause I make it orderly

You could say I'm sorta da boss so get lost

The brotha dat will make you change opinions

Dominions I'm in them when it's time to kick shit from  
The heart, plus I get a piece of the action  
I'm feelin satisfaction from the street crowd reaction  
Chumps pull guns when they feel afraid, too late  
When they dip in the kick they get sprayed  
Lemonade was a popular drink and in still is  
I get more props den stunts den Bruce Willis  
A poet like Langston Hughes and can't lose when I cruise  
Out on the expressway  
Leavin the Bodega I say "suave"  
Premier's got more beats den barns got hay  
Clips are inserted into my gun  
So I can take the money, neva have ta run  
[Premier scratches and hooks][Smooth B]I left my Phillie at home  
Do you have another?  
I wanna get blunted my brother  
Now may I make a mark  
Then make a spark over this phat track  
Or should I say dope beat  
Subtract, delete  
All of the wick wack that wanna be abstract  
But they lack the new knack that's comin from way way back  
Hey yo Premier, please pass that buddha sack  
You hear we quit?  
No way, bullshit  
I told ya before we come back wit more hits  
I provide bright flava, so you could sketch me  
Do me a favor, dont try and catch me  
Step me ahead of the game I'm not a lame  
Ask him, he'll tell you the same he knows my name  
Smooth, I drop jewels like, paraphenalia  
I'm infallable, not into failure  
Like a rhinocerus, my speed is prosperous  
And pure knowledge expands from my esophagus  
I write here tonite to bring truth to the light  
My dialogue is my own cause Smooth B will neva bite  
[Premier scratches and hooks]
