Messy

Piles

So I thought I'd get a little messy
One day before it gets too heavy
So I thought I'd get a little messy
One day before it gets too heavy
See, ya make my folks grumpy
The sweetest thing, ya make my socks go ding
Me, I like the road bumpy
The sweetest thing, you make my hips go swing
Oh, I do do, love it baby, my hearts loud
Yeah, I'm too, too bloody lazy to start now
So I thought I'd get a little messy
One day before it gets too heavy
So I thought I'd get a little messy
One day before it gets too heavy
1, 2, 3, you know you gotta stick with me
Oh and 4, 5, 6, you know you gotta get your kicks
And 1, 2, 3, you know you gotta stick with me
Yeah 4, 5, 6, you know you gotta get your kicks
Oh I do do, love it baby, my hearts loud
Oh, I'm too, too bloody lazy to start now
So I thought I'd get a little messy
One day before it gets to heavy
So I thought I'd get a little messy
So I'll let loose and get things heavy
Freeze, drop to your knees
You gotta roll, take control
Freeze, drop to you knees
You gotta roll, take control
