

# Working All Day

## Gentle Giant

Working all day, I'm digging up the roads, just working all day, yeah  
Dig for my pay and spend it where I like, I've nothing to say, yeah  
Drown in my sweat but money buys escape, I've got no regrets  
Working all day, working all day, yeah When I was young I used to have illusions, dreams ain't enough  
Papa was rough, he didn't care for learning, hell life was tough  
Easy to say that everybody's equal then look around and see it ain't true  
Working all day, yeah I eat the dust, the boss gets all the money, life ain't just  
I'm still the same as all the other people, who can I trust  
Working all day and never getting nowhere, what can I say working all day  
Working all day, yeah
