

Eyes of Suffering

Crematory

Conception full of illusions - But eyes filled with pain
What yesterday was still today - Is tomorrow against away
The suffering from other life - in the new built within
From mistakes will be learn - But reached stolen mind
As is to be death in life - And lived for the death
Or is to be insanity from sorrow - Or from trouble insane
The life is a child play - But no game for children
The eyes of suffering - The eyes of suffering
In the eyes of suffering - You lived for your death
In the eyes of suffering - To know more as words and mind
Many times ago - Your rotting flesh peeled away
Your corpse full of holes - Lying in a small coffin
Your soul leaved away - Your bones to fall to pieces
A dinner for maggots - remaining dust to stay
