

# That's My Man

LIZ

Advisory - the following lyrics contain explicit language:

[Intro: LIZ]

I am not worried, he'll come

Just like he always does

Yeah

Yeah, that's my man[Verse 1: LIZ (Pharrell)]

Countdown, here we go

Turn this up on your radio

Blast off, coast to coast

Where we're going, baby, we don't know

Freak, freak, free to be

Anything that I wanna be

(If we wanna) party, (if we're gonna) party

Like it's the end of the week (come on)[Pre-Chorus: LIZ]

He is like my match

He's always on time

We might not have much

But I know he's mine

We love where we're from

It's like we're stuck in time

A cold world melts with love

I'm electrified[Chorus 1 x2: LIZ]

And they say boys get to have all the fun

The cops and robbers stay on the run

Saving your girl, it's a task so kick his ass

That's my man[Verse 2: LIZ]

Hello world, it's your girl

You're talking to a Harlem girl

Where I'm from, they are often

Swinging

Don't get me wrong, there's also love

Like my boyfriend from above

The way he loves me, that just leaves me

Singing[Pre-Chorus: LIZ]  
He is like my match  
He's always on time  
We might not have much  
But I know he's mine  
We love where we're from  
It's like we're stuck in time  
A cold world melts with love  
I'm electrified[Chorus 1: LIZ]  
And they say boys get to have all the fun  
The cops and robbers stay on the run  
Saving your girl, it's a task so kick his ass  
That's my man[Chorus 2]  
And they say boys get to have all the fun  
The hero's job is never done  
Saving your girl before yourself, caught in your web  
That's my man, yeah[Bridge: LIZ]  
Many boys have made me out of breath  
But yours didn't go away  
And I suppose I figured out how  
He pulls me out, he's an angel[Chorus 1: LIZ]  
And they say boys get to have all the fun  
The cops and robbers stay on the run  
Saving your girl, it's a task so kick his ass  
That's my man[Chorus 2]  
And they say boys get to have all the fun  
The hero's job is never done  
Saving your girl before yourself, caught in your web  
That's my man, yeah[Chorus 1]  
And they say boys get to have all the fun  
The cops and robbers stay on the run  
Saving your girl, it's a task so kick his ass  
That's my man
