

# Dirty Dirty

Charlotte Cardin

I see the way, I see the way, the way you want her  
You're not easily impressed  
Baby I got more under my dress  
But you won't twitch

I see she's got, I see she's got something I don't  
You know I'm jalouse in my head  
Cause you'd look so good in my bed  
You really like the bitch

So I can cry for my age, my life and my face  
And I will wash off all the dirty dirty thoughts I had about you  
Now I can cry cause I got so much she is not  
And I will wash off all the dirty dirty thoughts I had about you  
Now wash off all the dirty dirty thoughts I had about, you

Maybe, I'm young, maybe I'm too young to understand it  
But your a mess in your own ways  
Let's mess it up together babe  
I'm what you need

Who could I, oh who could I be just to get to you  
You should be ripping off my gown  
Turning me on  
You just sent me down, down on my knees  
Pretty little tease

So I can cry for my age, my life and my face  
And I will wash off all the dirty dirty thoughts I had about you  
Now I can cry cause I got so much she is not  
And I will wash off all the dirty dirty thoughts I had about you  
Now wash off all the dirty dirty thoughts I had about

And I can cry for age, my life and my face  
I will wash off all the dirty dirty thoughts I had about you  
Now I can cry cause I got so much she is not  
And I will wash off all the dirty dirty thoughts I had about you  
Now wash off all the dirty dirty thoughts I had about, you
