

Long, Long Time

Billy Joel

Come around when you're feeling low
When you're down you can be sure
That I am the one place you can go It's been a long long time
And you haven't made up your mind
It's been a long long day
And there isn't enough to say
It's been a long long night
And there isn't an end in sight
Oh
but that's alright. Make a call when you want to know
After all
you should be sure
That I am the one place you can go. It's been a long long road
And we've still got a way to go
It's been a long long song
But we're gonna try rambling on
Baby
baby
such a long long night
And there isn't an end in sight
Oh
but that's alright. I'm heading back to where I've been
But there's a change
I can't get used to being free with you
It's strange
It's been a long (such a) long while
Now I see you smile
Nothing left to do but to let it rain Repeat last 2 verses
1st verse repeat
2nd verse repeat
