Generic the Norm

Epidemic

Show me to my
Pre-assigned seat in this life
Help me find a way
To be content and invisibleGeneric the norm shapeless the form
Where spoon feeding the gray
It's not enough to see without taking part
It's not enough to be moderate, moderateBending over backwards
Bland is an acquired taste
Happy to donate waste
Now drown yourself deep in self-hateGeneric the norm shapeless the form
Where spoon feeding the gray
It's not enough to see without taking part
It's not enough to be moderate, moderateAnd I so don't, don't want to sink to your level
And I do not need to strike back
But I will not turn you the other cheekAnd you don't want to see me breaking
You don't want to see me breakingShow me to my
Pre-assigned seat in this lifeNot enough to see without taking part
Not enough to be moderate, moderate
Not enough to be moderate
