

# Riding on the Wind

## Judas Priest

Shootin' for the stars  
Cruise the speed of light  
Glowin' God of Mars  
Body burnin' bright Well, I'm riding  
Riding on the wind  
Yes, I'm riding  
Riding on the wind Tearin' up through life  
Million miles an hour  
Blindin' all in sight  
Surgin' rush of power Well, I'm riding  
Riding on the wind  
Yes, I'm riding  
Riding on the wind Riding on the wind  
Riding on the wind  
Riding on the wind  
Riding on the wind Thunderbolt from hell  
Shatterin' aloud  
Screamin', demons yell  
Burstin' through the clouds Well, I'm riding  
Riding on the wind  
Yes, I'm riding  
Riding on the wind
