

La la la Song

Vanessa Paradis

There is no substitution
For the way I feel
Didn't know this could be real Don't want no explanation
For what is on my mind
Cause I'm doing fine If it's a dream then let me sleep
Only wake me when
You're in my arms again I've been waiting for a while
Now you gave me the reason why
I was holding on singing la, la, la If it's an illusion let it flow
Right or wrong I don't wanna know
Keep it coming, baby, la, la, la Don't need no complications
You can not conceal
What the heart reveals How ever long it's gonna last
And where it goes
If a fortune teller says
I don't even need to know I've been waiting for a while
Now you gave me the reason why
I was holding on singing, la, la, la If it's an illusion let it flow
Right or wrong I don't wanna know
Keep it coming, baby, la, la, la The principle of love is that
When you get enough
Then you can give it back If it's a dream then let me sleep
Only wake me when
You're in my arms again I've been waiting for a while
Now you gave me the reason why
I was holding on singing, la, la, la If it's an illusion let it flow
Right or wrong I don't wanna know
Keep it coming, baby, la, la, la
