Glorybound

Poco

Come on all you brothers, come on one and all
Come on get together, it's time to meet the call
You'll see lots of banners, down at City Hall
Lots of pretty girls to make a man feel six foot tallYou can bring your napsack, bring your carbine too
It ain't gonna take too long, 'cause there ain't much to do
Hey, we've just got to show those Yanks, we mean what we say
They can't tell us what to do, we'll chase them all awayOh, catch the train a' runnin', runnin' right through town
Headed straight for glory - glorybound
Catch the train a' runnin', runnin' right through town
gloryboundWe're all gonna meet them, out at Cutter's Ridge
Right there in the clearing, just beyond the bridge
You'll see all the ladies with their parasols
Cheering for their favorites, they'll be waving to us allOh, catch the train a' runnin', runnin' right through town
Headed straight for glory - glorybound
You better catch the train a'runnin', runnin' right through town(Solo)
