

# Strip U Down

## Pansy Division

We've made it into the doorway  
We've made it up the stairs  
We've made it into the bedroom  
Where I'll take you by your short curly hairs  
You start to take your clothes off  
But I stop you before a thing hits the floor  
'Cause it can be hot to do it slowly  
And there's so much I want to explore  
I want to strip you down  
Slowly strip you down  
Totally strip you down  
I'd like to take some time  
To let the mystery unfold  
Sometimes what's hidden  
Is sexier than what's shown  
It's nice to find a hard-on  
But sooner than I'd planned  
I'd rather start with a softy  
And feel you hardening in my hand  
For some guys sex is a formula  
It seems so calculated  
I would have had a lot more fun sometimes  
If I'd stayed home and masturbated  
A good lover discovers  
That patience gets rewarded  
In the rush to uncover  
So much goes unrecorded  
So don't undress just yet  
This ain't no race or contest  
I want to know every inch  
Before we finally get down to the bottom
