Give Out But Don't Give Up

Primal Scream

Give out but don't give up
Give out but don't you give up
Give out but don't give up
Give out but don't you give up
Give out but don't give up
Give out but don't you give up
When I'm feelin' down your love is what pick me up
And what comes around went that way
And when I'm not feeling up to part
You come along and there you are
Giving me the strength
Giving it all I have to give
Giving me the strength
Give out but don't give up
Give out but don't you give up
Just one kiss
I get the strength to carry on
Your smile makes it all worthwhile
Just one kiss
I get the strength to carry on
When I'm feeling down
Your love is what pick me up
And what comes around went that way
Give out but don't give up
Give out but don't you give up

Give out but don't give up
Give out but don't you give up
Give out but don't give up
Give out but don't you give up
No, no, no, no, hey, hey
Oh, no, no, no, hey, hey
No, no, no, no, hey, hey
Oh, no, no, no, hey, hey
Give out but don't you give up
Give out but don't you give up
Just one kiss
(Give out but don't you give up)
Well now, you give me this load

And I can't take it
Just one kiss, I get the strength to carry on
(Give out but don't you give up)
Your kiss
Give me the strength to carry on
Your smile makes it all worthwhile
(Give out but don't you give up)
Your kiss
Give me the strength to carry on
Your smile makes it all
(Give out)
