

# Traces

## Ryan Humbert

You were just a boy  
With an appetite  
Hate it when you leave stains in my bed  
I know I should've read  
All the warning signs  
But I fell for all your white lies again  
Nothing you do, no nothing you say  
Is gonna take the damage away  
Oh, nothin you do, no nothin you say  
Is gonna take the bruises away  
You've bit bit bitten off  
You've bit bit bit bitten off  
More than you can chew  
I I'm getting rid of you  
I I'm  
Get get get getting rid of  
Get get get getting rid of traces of  
Traces the traces, the traces of you  
I was just a girl, in the fantasy  
Dreamin that you would be good for me  
But now I see your greed  
Now that I bleed  
This time I'm gonna go set you free  
Nothing you do, no nothing you say  
Is gonna take the damage away  
Oh, nothin you do, no nothin you say  
Is gonna take the bruises away

You, you've  
Bit bit bitten off  
You've bit bit bit bitten off  
More than you can chew  
I I'm getting rid of you  
I I'm  
Get get get getting rid of  
Get get get getting rid of traces of  
Traces the traces, the traces of you  
Ate my heart in every way,  
Ate my heart in every way

Lockin the cage  
Starin at you I'll stray  
Can't get your way today  
You've Bit bit bitten off  
You've bit bit bit bitten off  
More than you can chew  
I I'm getting rid of you  
I I'm  
Get get get getting rid of  
Get get get getting rid of traces of  
Traces the traces, the traces of you  
Get get get getting rid of  
Get get get getting rid of traces of  
Traces the traces, the traces of you  
Get get get getting rid of  
Get get get getting rid of traces of  
Traces the traces, the traces of you
