

# Proof

## Coldplay

So I waited for you  
What wouldn't I do?  
Am I better of to?  
Oh, and I'm honest too If I ever want proof  
Oh, then I'll find it in you  
Oh yeah, I honestly do  
In you I've got proof Light, dark, bright spark  
Light, dark, light  
Oh yeah, I waited all night  
Oh, who wouldn't sigh? Yeah, I waited for you  
What would I do?  
And if I ever want proof Then I'll find it in you, I do  
Yeah, I honestly do  
In you I've got proof Bright spark light and dark  
Bright spark try
