

# W.A.N.S. (We All Need Sex)

Krizz Kaliko

[Intro:]

Sometimes there's a man  
Sometimes there's a woman  
And sometimes...  
Damn I forgot what I was sayin  
Let's, let's just have sex

We all need sex!  
And it's gonna continue  
We all need sex!  
It's just the animal in you

[Verse 1:]

Just rolling over out of bed  
Had to get my head around last night  
Can't remember anything I did  
Damn, it must've been one of them nights  
Had a Becky and a bottle of whiskey  
And the sun went down  
Think I remember she kissed me  
Took a trip downtown  
Wutchu say?

[Chorus:]

We all need sex!  
But you don't love it like I do  
We all need sex!  
And somebody they lie to  
We all need sex!  
Alright... and it's gonna continue  
We all need sex!  
It's just the animal in you

[Verse 2:]

Just getting out of my car  
I couldn't believe it's dark  
Sometime I gotta put it in park  
When it gets dark  
I need a pistol and a bottle of whiskey  
And the sun went down

Think I remember she kissed me  
Took a trip downtown  
I remember, sing it  
Wutchu say?

[Chorus:]  
We all need sex!  
But you don't love it like I do  
We all need sex!  
And somebody they lie to  
We all need sex!  
Alright... and it's gonna continue  
We all need sex!  
It's just the animal in you

[Bridge:]  
Now if you ever got it in the kitchen  
Know how to stop it then she gets in  
It placed only knew what they was missin  
I remember, sing it

[Chorus:]  
We all need sex!  
But you don't love it like I do  
We all need sex!  
And somebody they lie to  
We all need sex!  
Alright... and it's gonna continue  
We all need sex!  
It's just the animal in you

[Outro:]  
Sex â€“ it's what's for dinner  
Son Of Sam, rock on
