

# Spangled

## Smashing Pumpkins

How I love you  
Isn't fair  
God must want me  
Next to you there  
And if I show up  
You disappear  
Will you find me  
Half as near?  
Tangled in your body  
Spangled by the night time stars  
Of all the lovers  
To be a friend  
I'll come back when  
You know me  
And it's a sad state  
Of happiness  
If I confess

To my loneliness  
Tangled in your body  
Spangled by the night time stars  
Tangled in your body  
Spangled by the night time stars  
How I've loved you so  
It's how I've loved you so  
Butterflies don't fly  
Broken hearts don't cry, no, no  
How I've loved your body, baby  
How I've loved your sapphires and rubies  
Butterflies don't make it in movies  
How I've loved you so  
God, I love you so  
God, I love you so
