

# Violation

## Moodphase5ive

Go ahead, serve the violation  
Take a part, of the exploitation  
It feels so good, to profit from death  
It feels so good, their skin and flesh  
Blood flow, cash flow  
Welcome to a rotten show  
Experience the brutality  
Violate, vile hate  
Your actions are hard to contemplate  
Breeding the mortality  
Violate the innocent  
Money earned, lives are spent
