Just A Fool

Jasmine Trias

Lalalalala...
I'm just a fool in love with you
When I first fell in love
He was 10 plus 8
But stood me up on our very first date
Now here I sit
No change for the phone
I'm looking my best, but I'm here all alone
And right now I feel like I am just a fool
Because...
Love don't love nobody
It can make you feel like you are crazy
Love don't love nobody
It can make you feel like you're a fool
I saw him and her walking hand and hand
So I said to her
You don't know this man
Just look past his charm and his sleeky smile
Don't believe his words
Trust me they're all lies
Did you really think I'd let her fall for you?
Love don't love nobody
It can make you feel like you are crazy
Love don't love nobody
It can make you feel like you're a fool

The moral of my story is
If he likes to play games
He's full of it
So girls be wise
Take my advice
Don't believe no player's hype
'Cause I made the mistake
For all y'all don't be no fool
Love don't love nobody
It can make you feel like you are crazy
Love don't love nobody
It can make you feel like you're a fool
Love don't love nobody

It can make you feel like you are crazy
Love don't love nobody
It can make you feel like you're a fool
Love don't love nobody
It can make you feel like you are crazy
Love don't love nobody
It can make you feel like you're a fool
Lalalalala...
And remember what I say
Don't be no fool
