

# Just A Fool

Jasmine Trias

Lalalalala...  
I'm just a fool in love with you  
When I first fell in love  
He was 10 plus 8  
But stood me up on our very first date  
Now here I sit  
No change for the phone  
I'm looking my best, but I'm here all alone  
And right now I feel like I am just a fool  
Because...  
Love don't love nobody  
It can make you feel like you are crazy  
Love don't love nobody  
It can make you feel like you're a fool  
I saw him and her walking hand and hand  
So I said to her  
You don't know this man  
Just look past his charm and his sleeky smile  
Don't believe his words  
Trust me they're all lies  
Did you really think I'd let her fall for you?  
Love don't love nobody  
It can make you feel like you are crazy  
Love don't love nobody  
It can make you feel like you're a fool  
  
The moral of my story is  
If he likes to play games  
He's full of it  
So girls be wise  
Take my advice  
Don't believe no player's hype  
'Cause I made the mistake  
For all y'all don't be no fool  
Love don't love nobody  
It can make you feel like you are crazy  
Love don't love nobody  
It can make you feel like you're a fool  
Love don't love nobody

It can make you feel like you are crazy  
Love don't love nobody  
It can make you feel like you're a fool  
Love don't love nobody  
It can make you feel like you are crazy  
Love don't love nobody  
It can make you feel like you're a fool  
Lalalalala...  
And remember what I say  
Don't be no fool
