

# Animals

## Big Thief

The animals are wonderful  
Such a vision in the sun, how they rail  
I catch my breath and count my dough  
And I only live to run and I'll need to go  
You and I were born and I'll make you make your mind up  
Hold me She always knew  
She'll always know  
That I love to run so well but I need to go  
You and I were born and I'll make you make your mind up  
Hold me  
You and I were born with the same design  
Nothing in the world that will make you make your mind up  
If I had a choice I'll wait to find  
Nothing in your eyes will tell me where you'll lie  
Hold me
