# Run With The Pack

## Bad Company

You never give me my money
You only give me your sympathy
'Cause I keep on runnin'
There's no way to catch up with me
I'm leavin' you, don't make no fuss
You won't even see me, oh oh, for dust
I'm runnin' with the pack
Runnin' with the pack
I'm runnin' with the pack
Never lookin' back
You try to keep me in cages
But baby, you got to catch me first
You think your law is contagious
I'll do my best, you can do your worst
I'm leavin' you, now who can I trust?
You won't even see me, oh no, for dust
I'm runnin' with the pack
Runnin' with the pack
I'm runnin' with the pack
Never lookin' back
All right
Look out there
I'm runnin' with the pack
Runnin' with the pack
I'm runnin' with the pack
Never lookin' back
Runnin' with the pack
I'm runnin' with the pack
I'm runnin' with the pack
Never lookin' back
Ooh, yeah
You can't hold me down
You can't hold me back
On my own way
Runnin' with the pack, ooh
Never, never, never lookin' back, oh
Keep on runnin', keep on runnin'
Yeah, movin' on, movin' out
Oh, oh
