Riding On The Wind

Judas Priest

Shootin' for the stars
Cruise the speed of light
Glowin' God of Mars
Body burnin' bright
Well, I'm riding
Riding on the wind
Yes, I'm riding
Riding on the wind
Tearin' up through life
Million miles an hour
Blindin' all in sight
Surgin' rush of power
Well, I'm riding
Riding on the wind
Yes, I'm riding
Riding on the wind
Riding on the wind
Riding on the wind
Riding on the wind
Riding on the wind
Thunderbolt from hell
Shatterin' aloud
Screamin', demons yell
Burstin' through the clouds
Well, I'm riding
Riding on the wind
Yes, I'm riding
Riding on the wind
