

Your Loss I'm Found

Jessie J

Where did we go?
Put your hand down
I'm scared to know
What I'm feeling, yeah
Say yes or no
Do I give up and just let go
Or keep on dreaming? What is this?
I was yours, you let me go
Are you bored?
Is this love, can you tell me?
I've had enough
Oh, so tell me How can I be your lover?
Stars ain't made to shine under clouds
Stop turning me down
One day when you discover,
How bright I try to love you now
I won't be around
It's too late
You're lost, I'm found I gave my all
Guess you knew all along I would fall
For your teasing, why? (Why?)
And no matter what, I won't go back to who I was
And watch you will be there, oh no, no no no Why ain't can be your lover?
How to bright to shine under clouds
You won't turn me down
One day when you discover,
How bright I try to love you now
I won't be around
Too late, you're lost, I'm found How can I be your lover?
Stars ain't made to shine under clouds
Stop turning me down
One day when you discover
How bright I try to love you now
I won't be around
Too late, you're lost, I'm found Ooh it's too late
Too late, you're lost, I'm found ooh, ooh yeah ooh ooh
