Necessary Evil

Harem Scarem

Another glass of rain in the hurricane of you
Another pretty little promise fallen through
From your pride and joy to your whipping boy again
I'm just another link who's hanging from your chainI was hoping to tie you down
But forgive my confusion
You know what you're leading me to
Why do you want to see me crawlOver these borderlines
I can't read through the rhymes
You're pushing me over lines
'Til my gun goes off
But it's a necessary evilIt's a twisted line that winds through right and wrong
You tear down my resistance and then you're gone
You got me on a string, I'll do anything you please
But you always seem to want me on my knees
