## Architects

Take your time to find me  
I can't promise where I'll be  
these nights I felt so restless  
tonight I feel uselessTake your time to find me  
I can't promise where I'll be  
these nights I feel so restless  
tonight I'm uselessBlaming myself  
for every woman  
I should have thought this through  
before I hold you down with me  
motionless I lay  
when your words could save me from  
this situationI've been laying here for what seems  
like days  
and it was my mistake from the startTake your time to find me  
I can't promise where I'll be  
it was my mistake from the startTake your time to find me  
I can't promise where I'll be  
it was my mistake from the startMotionless I lay  
when the words that saved me  
staring back into  
dead sunk eyes?I need the right words to come...  
I need the the right words  
but I just can't find it  
I just can't find itI'll spend years  
making you believe  
I was just a bad dream  
just a bad dreamand it was my mistake from the start  
I've been laying here for what seems  
like daysTake your time to find me  
I can't promise where I'll be  
it was my mistake from the startTake your time to find me  
I can't promise where I'll be  
it was my mistake from the startI'm determined  
to find a way, out  
to disconnect myself  
from you, againHow can I  
have shattered  
my one chance

ooow, to you  
how can I  
feel like I'm  
shattered my  
ooohoooTo me  
I'll spend years  
making you believe  
that I was only a bad dreamI'm determined  
to find a way, out  
to disconnect myself  
from you, againHow can I  
have shattered  
my one chance  
ooow, to you  
how can I  
feel like I'm  
shattered my  
once chance tonight
