

# All I Have

Amerie

I feel so unsure  
Traveling, you opened your door  
Your eyes glistening  
Silly me, I'm already missing you And this is all I have  
All I have to give, all I have to give  
This one last kiss  
I know it's not enough  
Though our love will never end  
One more touch is all I have, all I have You said that we'd forever be in love  
And you showed me life like I never knew  
Things I never even dreamed of  
But your smile just don't seem the same  
And when you tell me you feel it too  
I'm not sure who's to blame, 'cause I gave everything And this is all I have  
All I have to give, all I have to give  
This one last kiss  
I know it's not enough  
Though our love will never end  
One more touch is all I have, all I have I can't believe  
This love is leaving me, love is leaving me  
And I can't believe  
What we've come to be, what we've come to be And I wish I could make it like it used to be  
Can't believe I'm through loving you  
And you're through loving me, you  
And in the middle of my final tears  
You call out my name, my name  
You cried out my name  
But it could never be the same  
'Cause this is all I have And this is all I have  
All I have to give, all I have to give  
This one last kiss  
I know it's not enough  
Though our love will never end  
One more touch is all I have, all I have And this is all I have  
All I have to give, all I have to give  
This one last kiss  
I know it's not enough  
Though our love will never end  
One more touch is all I have, all I have And this is all I have

All I have to give, all I have to give  
This one last kiss  
I know it's not enough  
Though our love will never end  
One more touch is all I have, all I have And this is all I have  
All I have to give, all I have to give  
This one last kiss  
I know it's not enough  
Though our love will never end  
One more touch is all I have, all I have
