

Heart Dont Stand a Chance

Anderson .Paak

Ooh, champagne, foreign dime
Arms, legs slapped around you
Ooh, champagne let's fall down
Arms, legs keep grabbing See, I be catching you staring be careful
Though I don't mind it's a dangerous place to be left in
But keep your eyes on me
Your heart don't stand a chance
It feels like it's been far too long
Your knees can't hold your legs
Your feet just want a pace
The eyes keep me all in a trance
Let me ask you
But you leave it all in the back of your head
All in the palm of my hand
Ain't nobody holding you back
Don't it feel like it's been far too long, girl? Your heart don't stand a chance
Your knees just want to break
Your eyes keep me all in a trance
And let me ask you
I know the approach is so far from what she used to
Huh, but you know it
And do I hold a candle to the last one over your moon?
Baby, of course, I do
And I'm not closing my tab
Don't it feel like it's been far too long, girl?
Your heart don't stand chance Ooh, champagne foreign dime
Arms, legs slapped around you
Ooh, champagne let it fall down
Arms, legs keep grabbing Two-step in the corridor
Spinning the greatest hits of Hall & Oates
Open of chronic smoke
I know my time will flee
But your heart don't stand a chance
It feels like it's been far too long
The moment is all that we have
My meter should be up by the half
A ticket is the least of my cares
So let me ask you
Am I dreaming?

Mind on a tip of a cloud
Is it real as the stone in your crown?
Say, ain't nobody towing my jag
Don't it feel like it's been far too long, girl? Your heart don't stand a chance
I'm waiting for the white flag
You're talking with the blunt in your hand
And won't you pass that?
I know, in the morning
The sunlight cover your wounds
But I'm hoping that I look the same as the way you always knew
Baby, of course, I flew
But I'm not over what we had
Don't it feel like it's been far too long, girl?
Your heart don't stand a chance Ooh, champagne foreign dime
Arms, legs slapped around you
Ooh, champagne let it fall down
Arms, legs keep grabbing
