

# Be Okay

[Nik West](#)

Dry your eyes lift up your head  
Throw back the covers step outta bed  
It's a brand new day it'll be okay  
I know that lately things have been rough  
Finding your strength has been a bit tough If I can you can do it too  
I have so much faith in you  
Take one step one day at a time  
Eventually my friend you'll find  
It'll be alright (It'll be alright)  
Push back the curtains and greet the sun  
Put a flower in your hair put your good shoes on  
It's a brand new day it'll be okay I know its hard to believe things will ever change  
Cause for so long its been the same Don't give up stay in the game  
No matter what keep a smile on your face  
It's a brand new day it'll be okay  
I know you want to speed up time  
Past the pain to where things are fine  
Bridge  
I can't promise you that things will be easy  
But I can promise you'll be fine  
Girl don't cry, baby keep your head up high  
You will be alright.
