Joe #1

Fugazi

Living, in the past
For the future isn't here unless it is cast
Sullen nights on a screen
Searing through the break, the thoughts underneathHe is Joe, he is Joe
Joe #1
Our favorite sonNever once did you say
That I's have to pay for the reasons you'll never explain
Come down to the screen
Searing through the break, the thoughts underneathHe is Joe, he is Joe
Joe #1
Our favorite son
