Estella

Estella steps in silence
Her every movement caught
Encased in gilded memoryHere it comes again
Anticipation racing through me
Thrilling with emotion
You still meEstella, Estella you
You're missing all you see
I'm missing youEstella, Estella you dream
You're missing all you see
I'm missing youEstella moves in shadows
Her every whisper caught
Exhale and draw it in againWhen everything gets lost in the twilight
I'll be waiting
You keep me guessing
You enigma, you dreamEstella, Estella you
You're missing all you see
I'm missing youEstella, Estella you dream
You're missing all you see
I'm missing you my sweetWide eyed, weak kneed
Stare me through my soul
You pierce meI know, we need
Nothing short of holding, nothing back
Come down to me
And I'll show you, you mean worlds to me, you doFare thee well, my love
The last time in a whisper
She whispered backFare thee well, my love
Believe me when I say
I love you madly, deeply alwaysEstella, Estella you
You're missing all you see
I'm missing youEstella, Estella you dream
You're missing all you see
I'm missing you
