Waking The Witch

Kate Bush

"You won't burn; you won't bleed
Confess to me, girl
Go down."
"Poor little thing
The blackbird
Wings in the water
go down."
"What is it, child?"

Bless me father, bless me father for I have sinned
"I question your innocence."
(Help this blackbird, there's a stone around my leg)
"She's a witch."

(Help this blackbird; there's a stone around my leg)
"Uh, damn you, woman!"
(Help this blackbird, there's a stone around my leg)
"What say you, good people?"

(Guilty, guilty, guilty)
"I am responsible for your actions."
"Wake the witch."
