

Just About Done

[blink-182](#)

Just about done with your butt
We'll let you know, hey
Just about done with your butt
We'll let you know, hey
Just about done with your butt
We'll let you know, hey
Just about done with your butt
We'll let you know, hey
Just about done with your butt
Just about done with your butt
We'll let you know
Just about done with your butt
We'll let you know, hey
Just about done with your butt
We'll let you know, hey
Just about done with your butt
We'll let you know, hey
Just about done with your butt
We'll let you know, hey
Just about done with your butt
Just about done with your butt
Just about done with your butt
We'll let you know
Just about done with that
Just about done with your butt
We'll let you know, hey
Just about done with your butt
We'll let you know, hey
