

# Breathe Breathe

## Division of Laura Lee

Footprints in the window  
From someone who's my friend  
That will be my doorway  
When I'm back again  
Nothing here to fear  
Nothing here to be scared of  
I promise I'm your shelter  
When it's back  
Breathe breathe breathe  
I'll help you through  
It won't be long  
Do you hear me  
It'll be over soon  
I'm your shelter  
I'm your shelter  
You can trust in me  
Put your trust in me  
I said breathe breathe breathe  
I'll help you through  
It won't be long  
Do you hear me  
It'll be over soon  
I'm your shelter  
I'm your shelter  
Nothing here to fear  
Nothing here to be scared of  
I promise I'm your shelter  
When it's back  
Breathe breathe breathe  
I'll help you through  
It won't be long  
Do you hear me  
It'll be over soon  
I'm your shelter  
I'm your shelter  
You can trust in me  
Put your trust in me  
I said breathe breathe breathe  
I'll help you through

It won't be long  
Do you hear me  
It'll be over soon  
I'm your shelter  
I'm your shelter  
Nothing's here now  
Feel no fear now  
I am your shelter
