All Over Me

Default

I'm sure there must have been a time,
When you did not consume my mind,
But I still swear, I don't remember,
To see I'm not in all that deep,
Through everything I know to keep from being,
Ready to surrender,
I see it's too late now,
There's something in the way,
And I don't know how,
I can hear the reaper calling,
This boy's already fallen,
All I want is you all over me,
All I need is you all over me,
I heard, you say, if you left I'd be okay
All I want is you all over me.
Look at me I'm actually like,
Some pathetic little child who's dying,
For your attention,
I feel my legs but I can't run,
Pretty soon I will become the victim,

Of my own invention,
And I can hear it now,
This is nothing left to say,
Such a desperate sound,
As a memory end up killing,
Baby it's not war that's'spilling,
All I want is you all over me,
All I need is you all over me,
I heard, you say , if you left I'd be okay,
All I want is you all over me.
(Music Break)
All I want is you all over me
All I need is you all over me
I heard, you say , if you left I'd be okay
All I want is you all over me
All I want is you all over me
All I need is you all over me
I heard, you say , if you left I'd be okay

All I want is you all over me
