

Good One Comin' On

Trent Willmon

Two six packs of shiner
A ninety nine cent, butane lighter
Lucky strikes an' a fifth of Patron
Ice down that Igloo cooler
A tank of gas, that oughta do her
Feels like a good one comin' on
Throw in Ray, Wylie Hubbard
Sing along to "Redneck Mother"
Any blues I had before are gone
Another week of work is over
No chance of stayin' sober
I can feel a good one comin' on
Yeah, we're gonna roll all night
We're gonna get to feelin' right
We're gonna keep this party rockin'
Till the break of dawn
Yeah, I can feel a good one comin' on
Three blonde's in a rag top Mustang
Followed us out to the lake
An' hell it didn't have to think about that too long
Skinny dippin' in the bright moonlight
Situation couldn't be more right
Looks like a good one comin' on
Yeah, we're gonna roll all night
We're gonna get to feelin' right
We're gonna keep this party rockin'
Till the break of dawn
I can feel a good one
It looks like a good one
I can feel a good one comin' on
Yeah, we're gonna roll all night
We're gonna get to feelin' right
We're gonna keep this party rockin'
Till the break of dawn
Looks like a good one
Yeah, I can feel a good one
It looks like a good one comin' on
Yeah, I can feel a good one
Don't it look like a good one
I can feel a good one comin' on
