

I Cry

Flo Rida

I know caught up in the middle
I cry, just a little when I think of letting go
 Oh no gave up on the riddle
I cry, just a little when I think of letting goI know you wanna get behind the wheel
 But Only one Rida
Eyes shut still got me swimming like a diver
 Can't let go I got fans in Okinawa
My heart to japan quake losers and survivors
 Norway no you didn't get my flowers
No way to say it better but the killer was a coward
 Face just showered
 The minute in the hour
 Heard about the news whole day went sour
 Bitter moments got me feeling like a lemon head
 Put you on the box, just as poisonous as cigarettes
 Think of my regards but regardless I get arrested
 Ain't worried about the killers just the young & restless
 Gettin mad coz the quarter million on my necklace
 DUI never said I was driving reckless
 You & I know that jealously is not impressive
 Oh no I can't stop I was destinedI know caught up in the middle
 I cry, just a little when I think of letting go
 Oh no gave up on the riddle
I cry, just a little when I think of letting goGo,go,goI know for one in the middle
 I cry, just a little when I think of letting go
 Oh no gave up on the riddle
I cry, just a little when I think of letting goChampagne buckets still got two tears in it
 And I put that on my tattoo of Jimi Hendrix
 Get depressed like the outfit all in it
 'Coz the breasts tell it all get a meal ticket
 Kleenex getting a call just a 'lil visit
 Sacrifice just to make a hit still vivid
 Reality, see when you're blessed just kill critics
 Bugatti never meant I'm rich, just God fearing
 Look at me steering, got no boss staring
 Got a good feelin'
 Cause I'm mic carrying,
 Tell his Billie Jeans
 I'm on another planet

Thank Classic Truck, and Lee Prince Paris
Buy my momma chandeliers on my tears, baby
Thirty years you had thought these emotions vanish
Tryna live, tryna figure how your sister vanish
No cheers? I knew you wouldn't panic I know caught up in the middle
I cry, just a little when I think of letting go
Oh no, gave up on the riddle
I cry, just a little when I think of letting go Go Go Go go go go I know for one in the middle
I cry, just a little when I think of letting go
Oh no, gave up on the riddle
I cry, just a little when I think of letting go When I need a healing, I just look up to the ceiling
I see the sun coming down I know its all better now
When I need a healing, I just look up to the ceiling
I see the sun coming down I know its all better now
When I need a healing, I just look up to the ceiling
I see the sun coming down I know its all better now
When I need a healing, I just look up to the ceiling
I see the sun coming down I know its all better now
I know, I know, I know, I know I-I-I-I
I think of letting go go, go I know, for one in the middle
I cry, just a little when I think of letting go
Oh no, gave up on the riddle
I cry, just a little when I think of letting go I know for one in the middle
I cry, just a little when I think of letting go
Oh no, gave up on the riddle
I cry, just a little when I think of letting go
