Good 4 It

Wallpaper.

I might have actually died
You gotta bring me to life
I need you really really
Right now, right now
Where I'm at, I don't know
Phone is dead, zombie phone
I need you really really
Right now, right now
Like really really really
Right now, right nowHow to stay alive though
How the fuck should I know?
Without some help sometimes
Need my friends sometimes
To bail me out sometimes
You know I'm good for it
You know I'm good for it
You know I'm good for itI don't know how to explain
I got in over my brain
I need you really really
Right now, right now
Super low, ocean floor
Starring in a shit show
I need you really really
Big time, big time
Like really really fucking
Big time, big timeHow to stay alive though
How the fuck should I know?
Without some help sometimes
Need my friends sometimes
To bail me out sometimes
You know I'm good for itWithout some help sometimes
Need my friends sometimes
To bail me out sometimes
You know I'm good for it
You know I'm good for it
You know I'm good for itDo you remember that one time?
Well this is way worse
Than that one time
Well you needed me then

Like I'm needing you know
Get your ass over here
And help me outHow to stay alive though
How the fuck should I know?
Without some help sometimes
Need my friends sometimes
To bail me out sometimes
You know I'm good for itWithout some help sometimes
Need my friends sometimes
To bail me out sometimes
You know I'm good for it
(I need you really really
Right now, right now)
You know I'm good for it
(Like really really really
Right now, right now)
You know I'm good for it
(I need you really really
Right now, right now)
You know I'm good for it
(Like really really really
Right now, right now)
You know I'm good for it
You know I'm good for it
You know I'm good for it
You know I'm good for it
