

# Driving in Cars with Boys

## Lana Del Rey

They say I'm wasting time, they said that I'm no good  
Summer of my life, not doing what I should  
Call me poison ivy 'cause I'm far from good  
Pretty from afar, like a dark star  
They think I'm dangerous, they think I'm really bad,  
I'm just making up for what I never had  
Go out every night whenever I feel sad  
Oh, this drive by love got me crazy like a drug[Version 1:]  
I wear my red lipstick, got my make-up on  
Stumble into trouble, siren with a sad song  
They all got girlfriends but I'm the one that they want  
Miss America with the blue mascara on[Version 2:]  
I wear my red lipstick, got my make-up on  
I'm miss America, now I'm gone, baby, gone  
I spend my whole life driving in cars with boys  
Riding around town, drinking in the white noise  
Used to talk about where we be and where we go  
Now we know, baby, now we know  
I spent my whole life wasted in bars with boys  
Playing rock'n'roll dancing in the loud noise  
Used to talk about where we'd be and where we go  
Now we know, baby, now we know  
Mommy's Mercedes or Billy's pick up truck  
Comes out late at night and baby picks me up  
Tell him just drive on and d-don't ever stop  
Don't take me home again, take me to a new land[Version 1:]  
I wear my red lipstick, grab my coat and gun  
Wonder if this is it, it's darkest before dawn  
Sometimes I wanna give in but I just have to go on  
Miss America now I'm gone, baby, gone.[Version 2:]  
I wear my red lipstick, got my coat and gun  
I'm miss America, now I'm gone, baby, gone  
I spent my whole life driving in cars with boys,  
Riding 'round town drinking in the white noise  
Used to talk about where we be and where we go.  
Now we know, baby, now we know  
I spent my whole life wasted in bars with boys  
Playing rock'n'roll dancing in the loud noise  
Used to talk about where we be and where we go.  
Now we know, baby, now we know  
I was born to live fast, die young  
Leave a beautiful corpse, live my life on the run  
I got my cash, my Louis Vuitton, diamonds and guns  
Girls just wanna, just wanna have fun  
I spent my whole life driving in cars with boys,

Riding 'round town drinking in the white noise  
Used to talk about where we be and where we go.I spent my whole life driving in cars with boys,  
Riding 'round town drinking in the white noise  
Used to talk about where we be and where we go.  
Now we know, baby, now we know  
Spent my whole life wasted in bars with boys  
Playing rock'n'roll dancing in the loud noise  
Used to talk about where we be and where we go.  
Now we know, baby, now we know
