Fuck all that bullshit You watch me play
I look away
Your life's too bright
You found a light Take up in space, you and I
Take up in space, you and I You're gonna die
Wanna meet me, why?
I wish I had the strength
Inside my soul escapes Take up in space, you and I
Take up in space, you and I Cry, into me
Give me something, alright
The kids that die listening to me You are alive Take up in space, you and I stay
Take up in space, you and I
Take up in space, you and I, I
