

# On the Way Down

Ryan Cabrera

Sick and tired of this world  
There's no more air  
Trippin' over myself  
Goin' nowhere  
Waiting  
Suffocating  
No direction  
I took a dive And on the way down  
I saw you  
And you saved me  
From myself  
And I won't forget  
The way you loved me  
On the way down  
I almost fell right through  
But I held onto you I've been wondering why  
It's only me?  
Have you always been inside  
Waiting to breathe?  
It's alright  
Sunlight  
On my face  
I wake up and yeah, I'm alive 'Cause on the way down  
I saw you  
And you saved me  
From myself  
And I won't forget  
The way you loved me  
On the way down  
I almost fell right through  
But I held onto you I was so afraid  
Of going under  
But now  
The weight of the world  
Feels like nothing, no, nothin' Down, down, down  
You're all I wanted  
Down, down, down  
You're all I needed now  
Down, down, down

You're all I wanted  
You're all I needed And I won't forget the way you loved me  
All that I wanted  
All that I needed now Oh! On the way down  
I saw you  
And you saved me  
From myself  
And I won't forget  
The way you loved me  
On the way down  
I almost fell right through  
But I held onto you Down, down, down  
But I held onto you  
Down, down, down  
But I held onto you
