Magic Mountain

Eric Burdon & War

Well, Im goin up, up on Magic Mountain.
Well, Im goin so high, were gonna touch the sky.
Drink a little water, up on Magic Mountain.
Peace and love, love, love, for you and I.Yes, were goin high, high, high, high on Magic Mountain.
Were goin high, high, high and never comin down, no, no.
Yes, were goin high, high, high, high on Magic Mountain.
Were goin high, high, high and never comin down, no, no.Walk in the sun, up on Magic Mountain,
Red mountain wine, everybody laughs.
When the day is done, up on Magic Mountain,
Feeling fine, fine, fine, rollin in the grass.Yes, were goin high, high, high, high on Magic Mountain.
Were goin high, high, high and never comin down, no, no.
Were goin high, high, high, high on Magic Mountain.
Were goin high, high, high and never comin down, no, no.See the clouds floatin past,
Just like our troubles, its a thing of the past.
Poor people way down below,
Thats one place I never let you go.Youll be my baby, we will never come down,
Be my queen, you can wear that crown,
Visit my kingdom, it belongs to all,
Stay up here, and we can fall, fall, fall, fall.Were goin high, high, high, high on Magic Mountain.
Were goin high, high, high and never comin down, no, no. (Ooo)
Were goin high, high, high, high on Magic Mountain. Yes.
Were goin high, high, high and never comin down, no, no.I like it up here, up on this mountain.
I said lord no, no, I aint never comin down, no, no. (Ooo)
Just you and me baby, up on this mountain. Yes.
Were goin high, high, high and never, never, never comin down. (Ooo)Just you and me baby, up on this mountain,
Oh lord, no. Ow! Never comin down, no, no, no, no, no.
Oh people, walk around this mountain, no, no, baby, no,
Hand-in-hand, baby, never comin down, no, no. (Ooo)Let me make love to you, right on this mountain,
Lord! People! I aint never, never, never comin down.
I love you baby, up on this mountain. Ow!
Forget about tomorrow, Lord, I aint never comin down, no, no.
The time is now, up on this mountain.
