

I'm Not Crying Over Yesterdays

Emma Bunton

I know you far too well
Story's the same
I've heard it all before
How we all gonna change
You try to talk me round
 No not this time
I've finally seen the light
 This is my goodbye
Oh I'm not crying over yesterdays
 Not when there's tomorrows
I'm not wasting time on used-to-be
 Not if it means sorrow
I won't shed a tear on should-of-beens, would-of-beens, could-of-beens
 No no no, no no no
 My suitcase in my hand
 Half out the door
 Why can't you be a man
 Get up off the floor

No you won't change my mind
 Don't think you can
 The taxi's right outside
 I'm getting in
Oh I'm not crying over yesterdays
 Not when there's tomorrows
I'm not wasting time on used-to-be
 Not if it means sorrow
I won't shed a tear on should-of-beens, would-of-beens, could-of-beens
 No no no, no no no,
 Oh no no no, no no no
Oh I'm not crying over yesterdays
 Not when there's tomorrows
I'm not wasting time on used-to-be
 Not if it means sorrow
I won't shed a tear on should-of-beens, would-of-beens, could-of-beens
 No no no, no no no,
 Oh no no no, Oh-oh-oh-oh-ooo
